TWENTIETH CENTURY FUEL

Little Town of Foster to Be Supplied By Columbia Pipe Line

Augusta Chronicle.

The little village of Foster, this county, is certainly displaying a most progressive spirit and a movement is almost consummated that will prove of almost inestimable benefit to the citizens of that place. As is well known the gas pipe line runs very near Foster, and the people realizing the benefit derived from the use of natural gas, started a movement to supply the town with gas. Thirty-four of the citizens signed an agreement to use gas, of which number several have had their homes piped for gas, and we are informed that it will be but a short time until the people there will be using gas for both lighting and heating purposes. We are also informed that Lenoxburg has caught the fever and the residents of that thriving little burg, although located four or five miles from the pipe line, are seriously considering connecting with the main line and using gas also.

The gas company installed the system at Foster, running the pipe to the curbing in front of the place using gas. For the first five years a rate of 30 cents per 1,000 cubic feet will be charged for the gas, and the second five years will be at the rate of 35 cents.

The residents of this thriving little village will not only use the natural gas for lighting and heating in the homes and places of business, but gas will be used for street lighting, arrangements now being under way to commence lighting.

McAtee and Allender, who had the contract for the laying of the gas mains in Foster, offered to pipe the gas to Lenoxburg at 8 cents per foot, furnishing the pipe and doing all the work. Residents of the lower end of the county do not believe that the gas company will put in the gas system to the village of Lenoxburg, owing to the small number of people living there who would use natural gas. Foster, with natural gas for lighting and heating, with good shipping facilities both by river and rail, will be an ideal location for factories of various kinds and through J. B. Hiles, Cashier of the Foster Bank, we learn that the citizens there will make an effort to get several factories to locate there.

HERE SHE AM!

Pure and Simple Double Distilled Essence of Condensed Rot

Frankfort Journal.

It has been said, truly, of course, that in order to produce literature a writer must have a bad digestion. This is an exaggeration of the fact that an exuberant nature is apt to reflect itself in cheap "fine writing."

An example of "fine writing" done by a red-blooded ruralist appears under the "William N. C." date line in The Charlotte Observer. In its unvarnished richness we give it to the readers of The State Journal as a rare tid-bit:

"One of the most beautiful and most magnificent and most brilliant wedding scenes that was ever presented to a Wilson assemblage will be witnessed on Tuesday night, November 12th, when Lawrence Britt, the President of the Britt Dredging Company, will lead to Hymen's altar Miss Mildred Roney, the highly talented and brilliantly polished and very fascinating daughter of our highly esteemed townsman, Captain R. G. Roney, one of Wilson's most prominent and influential business men, for in his noble life of splendid usefulness, he has exhibited the resplendent virtues of loftiest citizenship. And as Miss Roney has richly inherited his virtues, and the charms and graces of her elegant mother she is one of the most popular and lovable maidens in Wilson. And in addition a vast array of the most ravishing personal charms she has musical talent of the highest order, being a vocalist of the sublimest powers, for she has a richly cultured voice of richest melody and rarest sweetness, and her seemingly heaven-tuned notes are as pure and as sweet as the image of the morning star when bathing in the dew drops that lie nestling in the fragrant petals of the flowers. And Mr. Britt is a high-toned gentleman, and is worthy of the brilliant jewel that is to sparkle in the casket of his love and devotion, and he is indeed to be congratulated, for under her love-light every scene will be a picture of Paradise, every word a poem of enchantment, and every sound an echo of celestial harmonies, for with the love of such a jewel won, Heaven with its rapture on earth has begun."

Under no circumstances will any withdrawals, either in whole or in part, be allowed. What you deposit will be held for you until two weeks before Christmas.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the system and a "new" nature, properly.

SPECIAL TRAIN

Will Carry Three Hundred Bluegrass Democrats to Inauguration

A meeting of the Fayette County Democratic Club will be held next week for the purpose of taking further steps in the arrangement for the special train by which it is expected to take a delegation from Central Kentucky to the inauguration of Woodrow Wilson as President on March 4th.

About three hundred have signified their wish to go on the special train. It is proposed to take along a brass band of twenty-five pieces. The train is scheduled to leave Lexington on March 2nd, arriving early the next morning at Washington, where headquarters will be engaged for the Bluegrass delegation to keep open house.

BUGLE CALLS OF THE ARMY

What Reveille and Taps Mean—Words for the Music

Army and Navy Journal.

A correspondent sends us the following words appropriate to the stable call, which he finds in an old newspaper:

Come all who are able and go to the stable, And give your horses some water and corn; And if you don't do it your Captain will know it, And you will rue it, so sure as you're born.

For taps we have this:

Love, good night,
Must thou go
When the day
And the night
Leave me so?
Fare thee well;
Fare thee well;
Fare thee well;
Night is on.

For reveille we have the old familiar rhyme:
I can't get 'em up, I can't get 'em up,
I can't get 'em up in the morning;
I can't get 'em up, I can't get 'em up,
I can't get 'em up at all.
The Corporal's worse than the private,
The Sergeant's worse than the Corporal,
The Lieutenant's worse than the Sergeant,
And the Captain's worse of 'em all.

Also this for the sick call:

Come and get your quinine, quinine, quinine,
Come and get your quinine, and your pills.

Bond Sale

The Mayor, City Treasurer and Chairman of the Ways and Means Committee will, pursuant to the order of Council of the City of Maysville, sell at public auction at the Council Chamber in the City of Maysville, Ky., on Saturday, December 28th, 1912, at 2 o'clock p. m. about \$2,000 worth of sidewalk street improvement Bonds of the City of Maysville, authorized by ordinances adopted June 23d, 1909, and May 6th, 1912, same being coupon bonds dated November 4th, 1912, of the denomination of \$250 each and bearing interest at the rate of six (6) per cent. per annum, payable semi-annually on May 4th and November 4th of each year. Said bonds being Nos. 1 to 8 inclusive, Street Improvement Bonds Series No. 10. Said bonds are payable ten years after date (subject to the option of the City of Maysville to take up same at any interest paying period by paying the face of the bond and accrued interest to such date. Said bonds or interest are not payable or redeemable on the faith and credit of the City of Maysville, but are payable out of the proceeds of and secured by a lien on the assessments made and apportioned by said city against the lots and lands in front of which said improvements are made. The laws governing the issue and negotiation and sale of said bonds have been carefully complied with. Said bonds will be sold for cash to the highest and best bidder, but cannot be sold for less than par and accrued interest. Said bonds will be sold in the way that will bring the most money.

ROUGHLY HANDLED

C. & O. Will Have to Pay the Bill

Shelbyville Byron and Cole, attorneys for W. Jett, have been offered \$1,500 by C. & O. Railroad as a compromise in brought by Mr. Jett for damages from road.

It will be remembered that a Jury in the member term of Court returned a verdict of \$100 in favor of Mr. Jett, who claimed that he was roughly handled by employees of the railroad while en route from Maysville to Wellburg.

Byron and Cole claim that the case was so aggravated that they are doubtful as to the advisability of compromising the case.

FIRE DON'TS

Chief Hite of Maysville Fire Department Issues a Timely Warning

Every year in America many children are burned to death by fire from Christmas candles.

Some don'ts—
Do not decorate your Christmas tree with paper, cotton, or any inflammable material. Use metallic tinsel or other non-inflammable material for decorations.

Set the Christmas tree secure so that children in reaching for things do not tip it over. Do not use cotton to represent snow. If you must have a false snow, use asbestos fiber.

Do not permit children to light or relight candles while older persons are not present. They frequently set fire to their clothing. The tree itself will burn when needles have become dry.

Do not leave matches within reach of children at holiday time. Candles are meant to be lighted, and if children get matches they will experiment with them; they imitate older people.

A house of merriment is better than a house of mourning. By following the above suggestions you may avert a holiday fire in your home.

EDWARD HITE,
Chief Maysville Fire Department.

The gage marks 7.7 and falling.

TOBACCO MARKET BOOMING

Nearly a Quarter of a Million Pounds Sold Yesterday at Three Houses

The six Maysville loose leaf warehouses are now wonderful scenes of business activity. The favorable weather for marketing tobacco has flooded the local markets and every house is nearly filled.

The sales yesterday at three houses reached a total of 232,935 pounds, the average for the day reaching \$14.44 per hundred, which means that the days sales put about \$45,000 into the hands of the farmers and sellers.

The Home warehouse had no sales yesterday but will have a bumper one today, as will the Central and the Planters, the latter two houses not selling yesterday.

The Farmers house laid yesterday, selling 134,070 pounds at the highest average on the Maysville market, the figures for the day being \$15.08 per hundred. Highest \$30; lowest, \$4.50. Here are some big sales:

McIntire & Keares, Fleming county, \$16.85 for 2,254 pounds.

Plank & Moore, Fleming county, \$17.50 for 2,075 pounds.

D. F. Deming, Robertson county, \$33.60 for 2,045 pounds.

W. J. Hunter, Blue Licks, \$18.67 for 9,820.

The Growers house sold 25,000 pounds at high figures and will continue today; the 1,485 pound crop of J. C. Wilson of Bracken county, selling for \$25.28 average.

The Independent house sold 73,865 pounds at \$13.80 average; highest, \$30; lowest, \$3.95. George M. Bradford, Bracken county, 2,800 pounds at \$21.85; Marshall & Wallingford, Mason county, \$15.98 crop average; W. E. Rogers, Bracken county, 3,850 pound crop brought an average of \$16.77.

The sale of 232,000 pounds of tobacco on the auction market at \$16.44 average, probably breaks all records anywhere.

The market was spirited and offerings of a higher class.

LEXINGTON.—550,000 pounds at \$4 to \$39.

WINCHESTER.—275,000 pounds at \$4 to \$26.

PARIS.—104,000 pounds at \$11.07 average.

RICHMOND.—90,000 pounds at \$3.50 to \$30.

CARLEISLE.—80,000 pounds at \$2.80 to \$25.50.

OPTICIAN!

Your physician can treat successfully all ordinary eye diseases. If an operation is necessary he will refer you to a REAL specialist in eye surgery. When glasses are necessary he will advise you to see the skilled optician, one who knows glasses from the inside. He will tell you to go to Simpson because he knows that the man who specializes is the one to consult about his specialty.
